PROPERTY ADDRESS

ATTENTION ALL RESIDENTS AND BUSINESS OWNERS

There are a number of homes and businesses that do not have the address number displayed on the property. All numbers are required to be displayed plainly and visibly from the roadway in front of the property.

This is a safety concern for emergency services being able to find your property as quickly as possible in the event of an emergency.

Thank you for your cooperation in this matter.

MEETING NOTICE

The Regular Council meeting is December 18, 2018 at 7:00 p.m. in Council Chambers
106 1st Ave. East

Come early and enjoy a coffee before the meeting.

IMPORTANT NOTICE - Wipes & Personal Hygiene Products Clog Sewer Lines!

Many household products are labeled and marketed as DISPOSABLE and/or FLUSHABLE; many baby and adult personal hygiene products, along with household wipes and cleaning towelettes are labeled both disposable and flushable. While these products may be marketed as a convenience item in this way, the truth is that these types of items have the ability to clog and stop up not only the sewer line on your property, but also can cause blockage and service problems in the public sewer system and pump stations.

Unlike toilet paper, these products DO NOT break down once they are flushed. They can cause blockages in your on-site sewer, especially older pipelines that may have greases, roots, or other obstructions already existing. A repair of the on-site sewer line can leave the home owner or business owner with a ***very costly sewer repair.***

What We All Can Do To Help... The following items should NEVER be flushed into the sewer system:

- *Disinfecting/surface wipes
- *Baby wipes
- *Jewelry wipes
- *Cosmetic wipes
- *Cotton swabs
- *Toilet cleaning pads
- *Bio-pads (nursing home, home health care, etc.)
- *ANY Moist type towelettes
- *Mop or "Swiffer" type refills
- *Paper towels
- *Pet care wipes
- *First Aid wipes
- *Feminine hygiene products
- *Disposable diapers or diaper liners

*****ANY CONSUMER ITEM THAT IS NOT TOILET PAPER!*****

Every home and business has a sewer connection to the public sewer system. This connection runs from the home or business to the sewer main where it is connected to the public sewer system. This on-site sewer line is the responsibility of the home or business owner to keep clear so there are no back-ups of wastewater into the home or business. *Save yourself and your Sewer Utility from costly repairs and/or replacement bills.*

Do not flush the listed items; place them in the trash, not the toilet.

January is coming!!!

Don't forget...

January is FREE dog registration month in the Village of Cremona
