4.0.0 DEVELOPMENT REGULATIONS

4.1.0 Architectural Standards

4.1.1 Enhance and maintain Village of Cremona's existing themes for gateway development.

4.1.2 Development within the Direct Control District shall be sensitive to the character, scale, façade treatment and landscaping of adjacent buildings, and should incorporate natural materials. The exterior finish and roof materials shall be approved by the Development Authority as a condition of development permit.

4.1.3 All buildings shall have an active façade and a functional entrance that faces Railway Avenue.

4.1.4 The design and location of individual buildings must address and enhance the overall streetscape. Buildings shall be located close to the sidewalk, with a minimal front setback and shall emphasize visible and physical connections to the multi-use nature trail.

4.1.5 Development should display high quality design that promotes connectivity and walkability and shall ensure the Village of Cremona's unique sense of place is maintained and promoted.

4.2.0 Pedestrian Facilities

4.2.1 Sidewalks along the street within the District shall maintain a minimum width of 2.5 m.

4.2.2 A pedestrian-oriented streetscape shall be maintained including separation of pedestrian use areas from vehicle use areas, patios, pedestrian scale lighting and façade treatments that are sensitive to sidewalk locations.

4.3.0 Parking Facilities

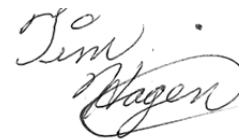

4.3.1 Surface parking lots shall not be located adjacent to Railway Avenue in order to maintain active street frontages and a vibrant main street. Special attention will be required to ensure pedestrians have direct, easy and safe access to ground floor store fronts and sidewalks.

4.3.2 Parking facilities shall incorporate landscape buffers and/or decorative screening in order to enhance the surrounding pedestrian environment and multi-use nature trail.

4.3.3 Developments are encouraged to incorporate on-site bicycle facilities. Bike racks should be highly visible and provided close to building entrances. Bike rack design should be reflective of the associated building and landscaping, as well as the surrounding main street context and character.

4.4.0 Signage

4.4.1 Signage within the District shall incorporate natural materials and an aquatic-themed colour palette.
